HOTEL & SUITES

HOTEL MAA

We were excited to collaborate with MAA Hotel Nairobi on a custom art installation that enhanced their minimalist interior design. After assessing their 4-star property's contemporary architecture, our team recommended large-scale canvas prints by local Kenyan artists. The abstract landscapes complemented the lobby and restaurant spaces beautifully. By handling the entire process from curation to framing and installation, we delivered a seamless art experience that delights MAA Hotel guests. This project exemplified our ability to partner with leading African brands to provide bespoke art solutions tailored to their spaces and design aesthetics.
